Admission to St John's in the 2017-18 academic year

We would like to admit every student who applies to come to St John's. Having a strong reputation is rewarding in many ways but it does cause anguish when an application for admission has to be turned down. For that reason we have a clear policy to guide our admissions procedure.

The admissions pages have all the information you need to know to apply for Year 7 entry, as well as our oversubscription criteria in years 7-11, applying for Year 8-11 entry, and applying to the Sixth Form.

The St John's Curriculum

St John's has both a national and an international reputation for curriculum innovation and academic excellence. Our curriculum provides high levels of challenge and focuses on the development of independent thinkers and learners. We recognise and celebrate the fact that every individual is unique and has different strengths. Preparation for global citizenship, independent thinking, high self-esteem and confidence are all hallmarks of the St John's student. We want our students to make a difference to the future of the planet and our educational programmes seek to bring this goal to fruition.

Uniform and Equipment

Here you will find details of the St John's uniform policy, access to the online uniform shop, sports kit requirements, jewellery, hair and make-up requirements, labelling of PE kit, and information on other equipment needed.

Having provided your child with expensive items of clothing and equipment, please make sure that he/she takes good care of them. All clothing and property should be clearly and indelibly marked. Unless this is done we cannot help to find lost belongings. Name tapes which are sewn into clothes last longer than adhesive ones.
