Dear Parent

### **Marlborough Area Development Trust (MADT) –Tesco tokens**

The Marlborough Area Development Trust (MADT) support St. John's 'Digital Maker Club' which has been running every Friday since September last year. MADT support St. John's STEM activities with equipment for a number of digital making projects. They funded the 3D printer and other modern equipment which help inspire our students and are hoping to raise more money to help further equip us.

Between 01 November and 31 December 2018, the MADT will be one of the three schemes available for voting with Blue tokens at Tesco. If they win the community vote, they will get £4,000 which will help them fund more equipment which can be used by students in our school.

If you intend to visit Tesco over the next couple of months, please make sure that you get a blue token from the cashier and drop it in the box for MADT. Your support could mean extra support for our school. Thank you.

Yours sincerely

**Mr G England**  
**Director of STEM**
