

15 February 2019
FH/ts/womeninengineering

Dear Parent

I am writing with the details of a **Women in Engineering event on Friday 1st March 2019** at the Chippenham campus, Wiltshire College as we are still hoping to have some students come forward for this trip. The event is targeted at Year 10 girls and aims to inspire them to consider a career in engineering, science, technology and maths. It includes some of the top universities and engineering companies from the UK running different workshops, covering a broad range of engineering and includes Apetito, Avon rubber plc, Bioquell, Corsham Institute, Jacobs, Ministry of Defence Information System and Services, Network Rail, QinetiQ, Siemens Rail automation, Society of Cosmetic Scientists, University of Southampton, University of South Wales, University of West of England and Wessex Water.

Students will be transported by minibus, to leave the school at 8.30am and return by 3.00pm and will be accompanied by myself and another colleague. They will need to bring a packed lunch and wear normal school uniform. There is no cost for this trip.

Please could I ask that if any students would like to attend, they can let me know on Monday 25th February by 1.30pm in the careers office, G121.

If you have any queries, then please email me at fhvaill@stjohns.excalibur.org.uk

Kind regards.

Mrs F Havill
Careers Leader
